As part of ETI's Privacy Policy, we do not publish or broadcast contact information. We do this in order to protect the privacy of our Members, Contacts and Guests at our Events. We have a directory feature on our website that allows you to contact all ETI Members who actively participate in ETI and ETI Events. If you want contact information on speakers or event guests, we suggest you get business cards from those persons at the event.

To access the ETI directory on our website, please follow these steps:

Go to ETI's website, www.ertools.org

Go to the Membership tab

Click on ETI's Active Participants

From here you will be able to search the directory by name or company.

Clicking the send message button will allow you to send a message through our website to whomever you would like to contact.
